

0051214

Dear Mr. Farns,
I live in Washington
and am concerned
about the release of
radioactive materials
there main into the
environment. No
agriculture or livestock
grazing should be
allowed at the Hanford
site. It should be
managed as a wildlife
refuge. Evelyn Norren

GOLD STRIKE HOTEL & GAMBLING HALL
JEAN, NEVADA

Three great restaurants — located on Interstate 15.
